Miss J Ward, Headteacher

20 April 2023

Dear Parents/Carers

As part of the Science National Curriculum, Year 5 learn about puberty.

Children from both year five classes will complete this session during their PSHE lesson on Monday 24 April within their own classes as per the National Curriculum requirements.

This session will cover puberty and will be delivered by the school nurse with the class teachers present. We will work through a presentation and then take questions from the children. If we feel that a question is too advanced or inappropriate for their age group, we will decline to answer it.

Please be aware your child may wish to talk about their learning at home. If you would like to discuss this further please contact the class teacher in the first instance.

Yours sincerely

Miss Ward & Year 5 staff
